

SYNTHESYS⁺

Synthesis of Systematic Resources

a DiSSCo project

Access to research infrastructures: Call 3 opens on 15 March 2021

Call closes 15 April, 17.00 UK time.

SYNTHESYS offers unique research opportunities to scientists worldwide. Transnational Access is provided to:

- European collections comprising more than half of the world's natural history specimens
- World class libraries
- State-of-the-art facilities including imaging, chemical, and molecular laboratories
- Support from in-house scientists, including researchers, facilities staff, and collections managers

Participation is free of charge and is provided on the basis of scientific excellence of a proposal, reviewed by a Selection Panel. Priority is given to new users and projects addressing EC Societal Challenges.

A typical project is 1-6 weeks in duration.

In a separate call (Spring 2021), Virtual Access will also be provided to digital material held at the collections, free of charge. Digitisation-on-demand requests will be reviewed in two annual calls.

The 21 partner institutions offer access via 13 national Taxonomic Access Facilities (TAFs).
