

**MONDAY 30, SEPTEMBER,
VENUE: AQUALABS, ROOM PASCAL DIVANACH**

10:00 – 10:20 Antonis Magoulas, Director of HCMR
Welcome address & short presentation of HCMR

10:20 - 10:40 Detlev Arendt, Group Leader, EMBL-Heidelberg, Germany
Cellular responses to changing environments in selected holobionts along the European coastline

10:40 - 11:00 Panagiotis Kasapidis, Senior Researcher, HCMR
Marine Biodiversity: From genomes to communities and ecosystems

11:00 - 11:20 Tobias Gerber, Post-doc EMBL
Sampling in the dark: *Platynereis dumerilii* variation along European coastline at single cell resolution

11:20 - 11:40 Elena Sarropoulou, Research Director, HCMR
Perspective on marine model species

11:40 – 12:00 COFFEE BREAK

12:00 – 12:20 Elizabeth Hambleton, Group Leader, University of Vienna, Austria
Illuminating marine photosynthetic symbioses along evolutionary and environmental gradients

12:20 – 12:40 Pantelis Katharios, Research Director, HCMR
Phage therapy in aquaculture: From practical applications to genomic and ecological discoveries

12:40 – 13:00 Antonella Ruggiero, Post-doc EMBL
Genomic diversity in time and space in the toxic diatom *Pseudo-nitzschia multistriata*

13:00 - 13:20 Lucia Di Iorio, Group Leader, University of Perpignan, France
Soundscapes, environmental changes & noise pollution (Virtual Connection)

13:20 - 13:40 Savvas Paragamian, Post-doc, HCMR
Soil microbiome: data integration and reproducibility

13:40 - 14:10 Georgios Kotoulas, Research Director, HCMR
Round Table: European Research in times of environmental crisis; RIs and mobility

14:15 LUNCH AT CIBUS RESTAURANT AT THE AQUARIUM
